Registration No. - CA-90009-2324 – Permission of Site Shifting

Subject: Holy Cross Convent Sr Sec School - Reg No. CA-90009-2324 – Clarifications Regarding Number of Building Blocks, Total Sections being run in the new building & number of sections which were running in the old building & Land Area Details.

Madam / Sir,

We Have Applied for Permission of Site Shifting on The Saras Portal Via Reg No. CA-90009-2324.

On 27th October 2023 we received a phone call from the CBSE Affiliation Unit asking the School to please Email the clarifications for the following points

1. Number Of Building Blocks
2. Total Number of Sections in New Building & Old Building
3. Total Land Area

Following can be confirmed

1. The New School Building consists of 1 Building Block Only. In The OASIS it was wrongly mentioned that it has 6 Building Blocks. The Latest Building Safety Certificate from PWD Department also states that the School Building consists of only 1 Building Block. OASIS has also been updated accordingly.
2. The total number of sections being run in the new building is 79, the same as the total number of sections that were being run in the old building, which was also 79 sections.
3. The previous Land Area was bigger than the Current Land Area. The new school building is located on a 5 Acre (20,234.3 square meters) land parcel. However, the registration process has been completed for only **9105 Square Meters**. The remaining portion of the land is currently undergoing the diversion process and will be registered subsequently. Once the Land Diversion and registration is completed the school will be applying for “Land Increase” on the Saras Portal.

The above information is true and correct.

Yours Truly,

Principal
Holy Cross Convent Sr. Sec. School
